

CERTIFIED OPERATOR TRAINING

OPERATOR TRAINING COURSES

Our training is a comprehensive program designed by factory trained professional instructors to exceed many aspects of all OSHA regulations. These courses are not only designed to increase safety, but also productivity, decrease product damage and reduce your material handling equipment maintenance cost. Safe operating procedures are stressed throughout all of our courses.

We have regularly scheduled operator training courses at our Phoenix and Tucson locations. This scheduled course only covers class I, IV & V powered industrial sit-down counterbalanced lift trucks.

OSHA regulations require training programs to have:
Formal instruction & practical training. We also provide the documentation for employers to perform the final certification as per OSHA 1910.178 regulations.

\$225 PER OPERATOR

If not a current customer, pre-payment is required to reserve your spot.

On-site training is available upon request for all types of powered industrial trucks.

Minimum on-site class size: 5 or \$1,000 / Maximum on-site class size: 8
